# Overtuned!

By Tracy C. Pelt-Waterford, CCRW Vice-President

While the left is screaming in outrage, citing that a woman's right to choose has been assaulted, the conservative right is rejoicing that the fundamental individual right to life is being protected. On Friday, June 24<sup>th</sup>, history was made. SCOTUS, in a historical ruling, officially reversed Roe v. Wade, declaring that the constitutional right to abortion no longer exists. This is a monumental victory for conservatives nation-wide especially since such a ruling should never have existed in the first place. Altogether, providing constitutional protections for the murder of innocents and those unable to fight for themselves is nothing more than judiciary abuse.

Speaker of the House Nancy Pelosi and her party have waged war against all that is ethical, just, and upright by stating they would not stop until they have enshrined Roe v. Wade into law of the land. Wake up, America; they are calling abortion sacred! How can anyone believe that the God who is the Creator of life is okay with the destruction of innocent life? We know that this issue will be back on the ballot in November: what will be your response? In the words of John Stuart Mill, "Let not anyone pacify his conscience by the delusion that he can do no harm if he takes no part and forms no opinion. Bad men need nothing more to compass their ends, than those good men should look on and do nothing." In essence as commonly attributed to Edmund Burke, "The only thing necessary for the triumph of evil is for good men to do nothing." I applaud Justices Samuel Alito, Clarence Thomas, Neil Gorsuch, Brett Kavanaugh and Amy Coney Barrett for standing up for justice and righteousness even in the face of bodily threat. They showed great courage in delivering this nation from such an egregious show of unrighteousness which no doubt reached all the way to the heavens.

What can we say to these things? If God be for us who can be against us? While we are gaining victories in the Supreme Court our job is to hold the line! We must hold the line and continue to push back against the insidious left liberal agenda which continues to threaten the God-given liberties of the American people, born and unborn. Here is what we must do: Hold the Line & Push Back! Invite your friends and family to get involved in the fight to put Conservative Republicans back in power in this nation. There are yet victories to be won.

-Ask your Senators to co-sponsor **S. 251** in the U.S. Senate.

-Ask your Representative to co-sponsor H.R. 426 in the House and to sign **House Discharge Petition 13**, which currently has 187 signatures.

-Bring Up Protecting Women's Sports in Candidate Forums

Make your views known. If we don't comment, only the Left's voices will be heard. Biden's Department of Education is proposing new rules that will drastically and radically change Title IX of the Education Amendments, will put women's safety and privacy at risk, and deprive them of athletic and professional opportunities. It is critical that you comment and ask your friends to do as well. Your efforts have stopped the Department of Education twice from imposing Leftist policies on our schools, and we can do it again! Thank you for your help.

Talking points on Title IX:

- Deprives women of privacy and safety.
- Opens single-sex spaces like bathrooms, locker rooms, and dorm rooms to men identifying as women.
- Opens activities like women's sports to men who identify as women.
- Jeopardizes federal aid in every school—from kindergarten to college.
- Contradicts state laws in 13 states that protect students and prevent male athletes from competing in women's sports.
- Negatively impacts educational and career opportunities for women.
- Harms childhood development by redefining sex and gender.
- Title IX was meant to promote women's athletics.
- Women will lose out on scholarships, resulting in lost educational and career opportunities.
- Questioning biology affects our sons as well as our daughters.
- Don't redefine our daughters and sons' identities.
